Notice

In order to enable the B.Tech. final year students to devote more time for their project work & self development, it has been decided that regular classes of all B.Tech final year students shall remain suspended on every Friday in the current semester only.

All B.Tech final year students are advised to utilize this opportunity for self learning & development. Faculty & staff shall be available in the campus for guidance as and when needed.

The same comes into force with immediate effect. All HODs are requested to make necessary changes in the time table accordingly.
